## DETAILED ACTION

### *Examiner's Reasons for Allowance*

Claims 1, 3, 6-7, 9-18, 21, and 23-35 are allowed over the prior art of record for the reasons set forth in the previous Office Action (paper number 0306).

Claims 22, and 36-38 are allowed over the prior art of record for the reasons set forth below.

The following is an examiner's statement of reasons for allowance:

As to claim 22, the prior art of record, taken alone or in combination, fails to disclose or render obvious an assay result reading device for reading the result of an assay performed using a test strip comprising a computation circuit, responsive to an input signal representing the amount of an analyte or the rate of accumulation of an analyte in at least one of the zones of the test strip to compare the input signal to a first threshold, compare the input signal to a second threshold, the second threshold being less than the first threshold; generate a first output signal if the input signal exceeds the first threshold or a second output signal if the input signal is less than the second threshold, in combination with the rest of the limitations of claim 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
